BCM 3.6 BRU - Voice Mail Service

Description:

The purpose of the patch is to stop only the 'Voice Mail' service during backup instead of stopping all the 'Voice CTI' services

CR Resolved:

- QO1135679 - BCM 400: Voicemail Down

Note: Delete the Scheduled Backups if any, before applying the patch and reschedule the backups once the patch is applied.

Status:

- Generally Available
